

Letter of Recommendation for Kenji Yoshida

October 9, 2020

To Whom It May Concern:

It is with much enthusiasm that I recommend Kenji Yoshida to your organization.

My name is Pete Ingram-Cauchy, and I am the CEO of iD Tech. iD Tech is the global authority in STEM education, teaching advanced subjects in computer science, artificial intelligence, game development, augmented reality, and other disruptive technologies.

Kenji has risen to the top of the iD Tech Pathway™ system, and is designated as an L10 (Level 10), the ultimate accolade in our system. Kenji has attained a skill mastery that only 378 out of 306,291 students have achieved. This is an extraordinary accomplishment. To reach L10 status, each student must have proven dedication and technical mastery while demonstrating outstanding soft skills including teamwork, problem-solving, and leadership.

Kenji began their journey on the iD Tech Pathway™ in 2011 at Stanford University. Since starting with iD Tech, they have engaged in over 200 hours of project-based learning. From their coursework in *Level Design - StarCraft II: Wings of Liberty* to *iD Game Studios 101*, they've mastered skills in game development and digital arts.

I am ecstatic to recommend Kenji. They are technically fluent and would be a tremendous asset to your organization. I encourage you to discuss their iD Tech journey, coursework, and summary of accomplishments, and to also inquire about their transcripts from iD Tech.

Sincerely,

A handwritten signature in black ink that reads 'Pete Ingram-Cauchy'.

Pete Ingram-Cauchy
CEO, iD Tech
