

Letter of Recommendation for Stewart Hughes

October 9, 2020

To Whom It May Concern:

It is with much enthusiasm that I recommend Stewart Hughes to your organization.

My name is Pete Ingram-Cauchy, and I am the CEO of iD Tech. iD Tech is the global authority in STEM education, teaching advanced subjects in computer science, artificial intelligence, game development, augmented reality, and other disruptive technologies.

Stewart has risen to the top of the iD Tech Pathway™ system, and is designated as an L10 (Level 10), the ultimate accolade in our system. Stewart has attained a skill mastery that only 378 out of 306,291 students have achieved. This is an extraordinary accomplishment. To reach L10 status, each student must have proven dedication and technical mastery while demonstrating outstanding soft skills including teamwork, problem-solving, and leadership.

Stewart began their journey on the iD Tech Pathway™ in 2011 at University of Miami. Since starting with iD Tech, they have engaged in over 376 hours of project-based learning. From their coursework in *Adventures in Game Design* to *Machine Learning and Deep Neural Networks*, they've mastered skills in coding, robotics, game development, and digital arts.

I am ecstatic to recommend Stewart. They are technically fluent and would be a tremendous asset to your organization. I encourage you to discuss their iD Tech journey, coursework, and summary of accomplishments, and to also inquire about their transcripts from iD Tech.

Sincerely,

A handwritten signature in black ink that reads 'Pete Ingram-Cauchy'.

Pete Ingram-Cauchy
CEO, iD Tech
