Where tech rock stars are made

In 1999, “tech camps” didn’t exist. Our family saw the void in mainstream education and crafted a summer experience for kids and teens that was unlike anything else.

Today, as the nation’s leading tech educator, parents rely on us to prepare students for over 2.4 million open STEM jobs. To push for 50/50 gender parity in tech. To help bridge the digital divide with life-changing scholarships.

Simply put, we’re more than just a camp—we’re a purpose-driven company on a mission to embolden students to shape the future. Whether you come for one week to explore and have fun or return for multiple sessions and become the next tech rock star at Google, your pathway starts here.

What does your child want to do?

CODING PATH

“Program apps for the App Store”

“Prevent cyber attacks”

“Develop artificial intelligence”

GAME DEVELOPMENT PATH

“Develop a video game”

“Mod Minecraft”

“Design 3D levels”

Industry-standard tech tools for every Path
ROBOTICS PATH

“Engineer a robot”
“Build a laptop”
“Design wearable electronics”

DESIGN PATH

“Produce a YouTube series”
“Design 3D models with Maya”
“Capture photos and edit with Photoshop”
This summer, set your child on their long-term skill development pathway with a taste of collegiate life. The top universities on the planet—Stanford, MIT, Caltech—have trusted and hosted us for 19 years.

Get inspired at a prestigious university

Please note: The use of location names is solely for the purpose of identifying locations at which iD Tech is delivering the programs. iD Tech programs are not university sponsored and are not affiliated with the locations mentioned herein. The locations mentioned are not involved in or responsible for the quality, suitability, delivery, or other aspects of iD Tech programs in any way. Per Massachusetts state law, “This camp must comply with regulations of the Massachusetts Department of Public Health and be licensed by the local Board of Health. Parents may request copies of background checks, health care and discipline policies, as well as procedures for filing grievances.” (105 CMR 430.00, 430.190 C, D.) Per New York state law, “This camp must comply with regulations of the New York State Department of Health (State Sanitary Code Subpart 7-2) and be licensed by the local Board of Health and inspected twice yearly. The inspection reports are filed at the local Department of Health offices in each county.”
The instructors are outgoing and charismatic, the classes are comprehensive and thorough, and every day brings new challenges and fun.

- Adam Y., Princeton
EXPERIENCE

Tech Camps

Our flagship program with courses for every interest

Code a mobile app. Design your own video game. Produce a viral video. Or discover the secrets of cryptography. Our flagship program features over 30 innovative courses, blending world-class instruction with fun camp activities. In each weeklong session, you’ll explore an inspiring campus, make new friends, and build skills that last long after summer.

What’s unique to Tech Camps

Co-Ed Ages 7–17

Weeklong sessions Day and overnight

130 locations Starts at $799
Alexa Café has changed me forever. I am a stronger, braver, and a more confident person than when I walked through that door.

— Annaka S., Simmons College
EXPERIENCE

Alexa Café

Make the world a better place with tech

Inspired by iD Tech co-founder Alexa Ingram-Cauchi, our all-girls experience blends tech, entrepreneurship, and social activism in a fresh, café-like setting. Big ideas come to life amidst moon chairs and stylish decor. Whether you want to code an app for charity, design a mobile game, or engineer wearable electronics, you’ll collaborate with new friends and create a project you’re passionate about.

What’s unique to Alexa Café

- All-girls program
  - Ages 10–15
- Weeklong sessions
  - Day and overnight
- 16 locations
  - Starts at $949
This experience is easily one of the best I’ve ever had. With the perfect balance of learning and fun, it helped me grow as a programmer while also creating lasting bonds that will stay with me for years.

- Samuel K., Georgetown University
Coding & Engineering Academy

Experience coder culture

Program a mobile game in C++. Discover the secrets of cyber security. Or create 3D gaming environments with Maya. At our intensive, pre-college Academies, teens experience startup culture, build skills for dream careers in coding and game development, and network with pros and peers—all on a prestigious university campus.

What’s unique to Academies

Co-Ed
Ages 13–18
2-week sessions
Overnight
9 locations
Starts at $3,799
Great instructors, great people, and great lesson plans. Without iD Tech, I would not be where I am today in the technology world.

– Paden N., University of Washington – Seattle
Game Design & Development Academy

Game world meets real world

Take on the role of a 3D Modeler, Gameplay Programmer, or Level Designer in this highly collaborative experience. Establish an indie studio. Learn the full development cycle of game production. Team up to design and create a complete game from start to finish. Build the technical skills and communication techniques essential to succeed in this rapidly growing industry!

What’s unique to Academies

- Co-Ed
- Ages 13–18
- 2-week sessions
- Overnight
- 8 locations
- Starts at $3,799
iD Tech is the talent pipeline for STEM.

-Mehran Sahami
Director of Educational Affairs, Computer Science, Stanford University
AcademyNEXT

Get immersed in Silicon Valley startup culture

Experience the vibe of a young startup and get fully immersed in the latest in breakthrough data science, machine learning, and artificial intelligence. At AcademyNEXT, you’ll try to solve some of the world’s biggest problems, culminating in the opportunity to connect with recruiters from top Silicon Valley companies. Show off your skills and creativity, build an impressive digital portfolio, and leave with a clear path to your dream career.

What’s unique to AcademyNEXT

Co-Ed
Ages 16–19

4-week session
Overnight & Weekends

Held at Stanford
$9,799 all-inclusive tuition
Passionate instructors with an edge

That Director with the purple mohawk? He’s a game design guru from EA. The Lead Instructor with the superhero cape? She’s a software engineering undergrad at MIT. Our selective hiring practices and in-person trainings deliver the most talented, passionate instructors—with the personalities to match.

- Small class size guaranteed—an average of 8 students per instructor for personalized learning
- Thorough background checks and in-person trainings
- All adult staff, no counselors-in-training
INSTRUCTORS

Keepers of camp culture, champions of tech
SUMMER FUN

One-of-a-kind summer vibes

From dress-up days, raffles, and outdoor activities to gaming tournaments, music video parodies, and pie-your-instructor Fridays, our fun camp culture takes the pressure off so students can get straight to what matters—building a lifelong passion.
College prep has never been more fun!

Year-round private lessons
Build your tech skills any time with a certified iD Tech instructor! Our online private lessons are the perfect way to prep for your summer course or continue learning afterwards.

Continuing Education Units
Issued by Villanova, CEUs certify completion of courses with college-level difficulty, assist with advanced placement, and help you reach your educational goals.

Pre-college advising sessions
In each 60 minute, one-on-one session, you’ll discover insights, tips, and tools that give you an edge for college. Our remote instructors are certified by Synocate, a leader in college prep.

Visit iDTech.com/college-prep for pricing and eligibility information. CEUs are not transferable as high school or college credit. CEUs are delivered after camp. College Prep add-ons can be purchased in conjunction with a summer program.
From iD Tech to career success

With summer programs and private online lessons, our skill development system paves the way for college, internships, and dream careers at companies like Facebook, Google, and EA.
See the iD Tech Pathway™ in action

iD Tech students are going to achieve BIG things in the tech world and beyond. Where will the iD Tech Pathway™ take YOU?

Rebecca G.
Program Manager at Microsoft
After attending iD Tech held at MIT, Rebecca returned as an instructor, founded nonprofit CoderDojo NYC, and landed her dream job at Microsoft.

Jessica H.
Production Coordinator at Warner Brothers
This iD Tech student-turned-instructor went on to launch her career in the film industry, landing coveted positions at DreamWorks and WB.

Matthew D.
Software Engineer Intern at Google, Facebook, and Dropbox
After building his coding skills at iD Tech, Matthew kickstarted his career with internships at the world’s most iconic tech companies.
Convenience for modern families

You've got a lot going on. We get it—many of us are parents, too. That's why we make every effort to save you time and simplify the camp experience.

Easy drop-off and pick-up

Our day camps feature complimentary “flex time” during drop-off and pick-up, giving you time on either side. Once you arrive, we whisk you through check-in and check-out with a custom-built app.

Flexibility to make changes

Enroll now and make as many changes as you like—with no fees—up to 21 days prior to your session.
